for the Unoin Territories which includes Delhi. Since the role of the Central Pollution Control Board is confined to Delhi it is not spending any money directly in Bombay. The State Boards serve their respective States, including cities. The expenditure of the Central Pollution Control Board and each State Pollution Control Board services the Union Territories and States respectively. It will not be possible to determine the separate expenditure for cities, including Delhi and Bombay.

Varying views for and against Eucalyptus

*278. SHRI B. K. HARIPRASAD: Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether it is a fact that there have been widely varying results of Research and Development on Eucalyptus; if so, the details thereof;

(b) whether the Uttar Pradesh Forest Department Laboratories at Kanpur have found that water consumed per unit of biomass produced was lower for Eucalyptus than for various other varities of trees; and

(c) whether the available data in India and abroad could be examined in this regard?

THE MINISTER OF ENVIRONMENT AND FORESTS (SHRI NILAMANI ROUTARY): (a) to (c) Research and Development studies conducted in India show that while eucalyptus consumes maximum water on per seedling basis, it produces maximum biomass per unit volume of water. This finding has been corroborated by the studies conducted by Forest Research Laboratory, Kanpur under the UP Forest Department. All available studies on eucalyptus are critically examined and their findings given wide publicity.
